Mark and Tom,

I am sending out a number of documents and two powerpoint presentations that are background for the meeting on September 4. Due to their size, I am going to break this up into four emails, hoping they make it through agency email filters. If they don't please leave a message for me on my cell phone and will try and get them to you in hard copy by Tuesday morning. My cell phone is (916) 705-5378.

The two attachments below are a .pdf of a .ppt generated by the Resources Agency folks that shows an overview of the BDCP from their perspective; and the most recent membership list of the Steering Committee.

I will not be reachable at my .gov email address until Tuesday, since we do not have remote access, yet. If you still prefer email, I can be reached tonight and over the weekend at:
